

100% Guarantee

Wasptec offer a 100% guarantee on all bee, hornet and wasp nest removal treatments undertaken. When you have any treatment provided by Wasptec then rest assured it will be carried out successfully.

If after 48 hours of treatment there is still activity of either wasps or hornets in and around the area treated then Wasptec will return free of charge.

Many wasp nests can not actually be seen and so it is impossible to say all nests can be resolved in just one visit but Wasptec – Wasp Nest Removal Croydon are currently 98%

For those 2% who are unfortunate enough for the activity to carry on then don't worry, simply give us a call and we will apply a secondary treatment free of charge.

Wasptec – Wasp Nest Removal Croydon have thousands of satisfied customers which is how we wish to continue and so all treatments come with a genuine guarantee to be successful.

You don't need a second visit if you see just the odd wasp, hornet or bee but if you notice a steady stream then you need to call us back.

Although the majority of infestations have ceased within an hour Wasptec always ask for the customer to wait for 48 hours before calling us back to ensure enough time has

“*Wasptec are wasp nest removal specialists*”

Many properties will acquire more than one nest throughout the season, wasp nests will never move location, so you may have another nest about the home or work place which will not be covered by our guarantee.

Free advice is available every day of the week and so if you are unsure please feel free to give Wasptec a call.

As many as 2,000 queens are produced around September time, the queens can still emerge even after treatment and during this time nests may take about a week before all activity stops.
